*"Being Simple & Passionate made me Awesome"*

Hi All,

Being simple and passionate about doing things i loved' to do is what always make me stand unique among the crowd. Design was been my passion, and i took that as my career too. when you do what you like, its gonna be awesome always.

## EDUCATION

I'm graduated in Information Technology, from BIET, Chennai. Specializing in Computer and Web Technology on a stronger hand. Completed my schooling wholely from SBOA Matric, Chennai.

I always prefer learning the real world out side the book, and I dont prefer to be a book worm anytime.

## WORK

I've been working at iTech India, since Nov 2013 as Graphic Designer in Web development and within the Marketing team for the Social Media Marketing & Branding Division.
